

## Think You Know the Answer

I used to sit for hours  
As you told me what it's all about  
So wise and full of insight  
You never seemed to doubt

You think you know the answer  
Ever since you saw the light  
You think you know the answer  
And the answer's always right  
What was the question?  
'Cause if we don't agree  
You think know the answer  
But it's not the one for me

Did you ever wonder  
If what you know applies to me?  
You taught my eyes to open  
Now I teach myself to see

You think you know the answer  
Ever since you saw the light  
You think you know the answer  
And the answer's always right  
What was the question?  
'Cause if we don't agree  
You think know the answer  
But it's not the one for me

I might need a lifetime  
To take my mind off this and that  
Who needs a destination  
When you don't know where you're at?

You think you know the answer  
Ever since you saw the light  
You think you know the answer  
And the answer's always right  
What was the question?  
'Cause if we don't agree  
You think know the answer  
But it's not the one for me
